Moving from Fear... to Ferocity in Math

FEBRUARY 2011

VOLUME 4, NUMBER 1

Tutoring

The 4th Fun, Interactive Math Workshop was held on Saturday, February 5, 2011 from 1:00 pm – 2:00 pm at the Centerville Community Center located at 3025 Bethany Church Rd. in Snellville, GA.

Exam Preparation

Students interactively participated in a workshop to enrich their skills in fractions, decimals and word problems. The problems demonstrated how math is used in every day life. After the workshop, students were given an evaluation to test their proficiency in these areas. Armed with the results of the evaluation, parents were empowered with the knowledge of their children's strengths and areas for improvement in math.

Summer Enrichment Programs

Students were presented with an autographed copy of Math 1 On 1, LLC's publication entitled "How to Help Parents and Kids Get Over the Fear of Math" signed by the author and presenter of the workshop "The Math Lady", Saundra Carter. The book was used as a teaching tool in the workshop.
